MUNICIPAL ADMINISTRATION & URBAN DEVELOPMENT (BUD)DEPARTMENT

G.O.Ms.No.102 Dated: 28-04-2016
Read the following:

1.From the Chief Engineer (PH),AP., Hyderabad, Lr.No.14/A1/T4/ONGL/WS/MLA/ REP/2016, Dated:08 -03-2016
2.From the DMA,AP., Hyd Lr.Roc.No.3350/2016/B3, dated 07.04.2016.

& & &

ORDER:

In the reference 1st read above, the Chief Engineer, Public Health, AP., Hyderabad has stated that the Ongole Municipal Corporation has been facing acute drinking water problem due to lack of water sources, and has been supplying water to the public once in every three days. The Chief Engineer, PH.,AP., Hyderabad has further informed that Government in Water Resources Department vide Memo No: 13701/Projects/II/A/2014, Dated: 3.3.2015 have allocated 0.882 TMCs of water from Gundlakamma Balancing Reservoir for meeting the drinking water supply needs of both the Ongole Municpal Corporation and the Addanki Nagar Panchayat.

2. The Chief Engineer, Public Health, AP., Hyderabad has further reported to Government that there is no pipeline system available to draw water from the Gundlakamma Balancing Reservoir / Gundlakamma Right Canal, hence the Ongole Municipal Corporation has prepared a Detailed Project Report for Rs. 393.00 Crore and submitted to the Government of India for sanction of the Project, but sanction from Government of India is awaited.

3. In this regard, the Chief Engineer, Public Health, AP., Hyderabad has submitted a proposal to Government and requested to accord permission for laying of 1200 mm dia and 8900.00 mtrs pipeline from Yedugundlapadu Tank to fill the existing two SS Tanks in the Ongole Municipal Corporation from the funds available under the State Finance Commission Grants or 14th Finance Commission Grants or any other Special Grant as a special case as to tide over the drinking water crises in the Corporation.

4. The Director of Municipal Administration ,AP., Hyderabad vide reference 2nd cited has informed to the Government that the Ongole Municipal Corporation has been depending on Nagarjuna Sagar Right Canal System through Ramatheertham Balancing Reservoir for past few decades for filling SS Tanks I & II with a total capacity of 5800 ML (0.20 TMC) to cater drinking water needs of 2.76 Lakh of population in the Corporation. And, at present due to un-certainty of Monsoons and deficit rain fall water was not released from N.S. Canals through Ramatheertham Balancing Reservoir to fill the SS Tanks , and since Ongole is situated at the tail end of the N.S. Right Canal it has become very difficult to take the water

P.T.O

from N.S. Canal System. The Director of Municipal Administration , AP., Hyderabad has further informed that since no pipeline system is available to draw the water from the Gundlakamma Balancing Reservoir the Corporation is not in a position to avail the above 0.882 TMCs of water. It has also been reported that the existing Old 400 mm dia pipeline from Yedugundlapadu to Rangarayudu Chyeruvu is unable to cater the demand of 30 MLD of Water for Ongole Municipal Corporation.

5. The Director of Municipal Administration, AP., Hyderabad is therefore requested the Government vide reference 2nd cited to issue necessary orders for sanction of the project of Laying of 1200 mm dia and 8900.00 mtrs Pipeline from the Yedugundlapadu Tank as Gundlakamma Right Bank Canal as Source for filling the existing two SS Tanks in the Corporation as to overcome the water supply problem during the summer.

6. Government in the circumstances reported by the Chief Engineer, Public Health, AP., Hyderabad, and the Director of Municipal Administration, AP, Hyderabad and with a view to provide alternative drinking water supply systems to the Ongole Municipal Corporation as to mitigate the shortage of drinking \water which has been recurrent in the Corporation has considered to approve the proposal and sanction the Project submitted above.

7. Accordingly, Government hereby accord Administrative sanction to the Chief Engineer, Public Health, Andhra Pradesh, Hyderabad for laying o f 1200 mm dia and 8900.00 mts of pipeline system from Yedugundlapadu Tank as Gundlakamma Right Bank Canal @ 18.30 KM as source for filling the existing SS Tanks in the Ongole Municipal Corporation with total \estimated cost of Rs.40.00 Crores (Rupees Forty Crore Only). Government sanction Rs.20.00 Crores from the State Finance Commission Grants-2016-17, and the remaining project cost of Rs. 20.00 Crores shall born by the Ongole Municipal Corporation from their General Funds . The Chief Engineer, Public Health shall follow the existing rules for execution of the work sanctioned above.

8. The Director of Municipal Administration, AP., Hyderabad shall release Rs. 20.00 Crore to the Executing Agency from the State Finance Commission Grants 2016-17 as per rules in force.

9. The Director of Municipal Administration, AP., Hyderabad and the Chief Engineer, Public Health, AP., Hyderabad shall take further necessary action in the matter.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
